

# LÍNEA CRONOLÓGICA PERSONAL

You will create a personal timeline that highlights important events in your life.

1. Choose 10 events in your life that you think are noteworthy.
2. For each event, write IN SPANISH using the PRETERITE tense, a sentence reporting what happened. Be sure to include the year that it happened.
3. Now go back and fill in the background information about that event (1-2 additional sentences).
  - a. Where did you live? Did you have any habitual activities? What did you look like? Use the IMPERFECT tense here.
  - b. You should have 10-20 imperfect statements.
4. Arrange your preterite events and imperfect descriptions in a creative way that shows that the events are different from the descriptions. You might use different colors of ink, or put the events in circles with the descriptions around the edges. BE CREATIVE!
5. Illustrate your timeline with pictures.
